

BILLERICA PARENT ADVISORY COUNCIL  
FOR SPECIAL EDUCATION  
WORKSHOP:

**SENSORY PROCESSING DISORDER,**

Presented by: Julie Dalbec, MAOM, Lic.Ac., OT/L

Have you ever wondered how the body and brain work together to integrate our senses in order to understand our environment? Children, from birth to age 7 primarily, are learning how to do this every day! What happens when there is a breakdown in the developmental sequence? How does that affect learning in the classroom and life at home? Come learn the theory behind sensory processing and experience it in a hands-on approach for yourself.

**TUESDAY, APRIL 28, 2009**

**6:30-pm to 9:00pm**

**High School Lecture Hall**

Julie Dalbec has been an Occupational Therapist for over 10 years, specializing in pediatric and traumatic brain injury populations. She also holds her Masters in Traditional Chinese Medicine and Chinese/Japanese style acupuncture. She has combined her areas of expertise to form Integrated Children's Therapies in Marlborough, MA.

\* Due to the format of the presentation, this workshop will begin **promptly** at 6:30, please plan accordingly.
